

SHEET METAL WORKERS' NATIONAL PENSION FUND

401h MONTHLY MEDICARE BENEFIT

Dear Retiree / Spouse:

This application provides information on the National Pension Fund's ("NPF") 401h Monthly Medicare Benefit program that subsidizes the cost of supplemental Medicare insurance coverage obtained either from your Local Union Health Fund or the National Health Fund. Please be advised that this benefit is only payable directly to your insurance provider.

It is important to note that the NPF does not provide health benefits of any kind. The NPF's responsibility is strictly limited, at this time, to the payment of up to \$31 per month, per retiree and/or eligible spouse to a qualified Local Health Fund or the National Health Fund. The amount of the 401h Monthly Benefit will be the lesser of \$31 or the total monthly premium charged. You are responsible to pay the balance of the monthly premium. The National Pension Fund will only provide this benefit for you (and/or your eligible spouse) for any months in which **all** the eligibility requirements **continue** to be met.

Who is eligible to Participate?

To be eligible for the 401h Monthly Benefit from the National Pension Fund you must meet and continue to meet the following conditions:

- You **must** be receiving a pension from the National Pension Fund;
- You **must** be on Medicare Part A and B;
- The Retiree **must** be in continuous good standing as a "retired /disabled" member as provided in the SMART Constitution (limited dues paying members do not qualify), with his/her local union. If the 401h Monthly Medicare Benefit recipient is a Beneficiary (*limited to spouses*), the Retiree must have been in continuous good standing at the time of his or her death and **have his or her membership dues deducted from their NPF monthly pension payment;**
- The Retiree **must** have worked in Covered Employment for at least 3500 hours in the 5 calendar years that immediately precede his Effective Date of Pension in a job classification under a Collective Bargaining Agreement or other agreement that provides that the Contribution Rate on behalf of his or her job classification is at least \$3.05 per hour for Construction Work, or at least \$2.15 per hour for Non-Construction Work. The minimum rates increase each year;
- The Participant has not worked in the Sheet Metal Industry in a position that **was not** covered by a collective bargaining agreement with the Union after September 1, 1988.
- Effective January 1, 2003, if the NPF has been negotiated (or voted) out of a collective bargaining agreement, or the Contribution Rate does not meet the minimums required in the Plan Document, all retirees (and their beneficiaries) from that unit will no longer qualify for this benefit;
- A spouse will lose entitlement to this benefit if he/she remarries;
- A spouse will only be entitled to this benefit if the Participant was a Retiree of this Plan;
- Your insurance coverage is with an Eligible Provider approved by the Board of Trustees.

I, the undersigned Retiree, certify that I have been duly advised by my Local Union of the amount I am required to pay to continue in good standing. Further, I understand that this designation serves as authorization for any future dues increases necessary to maintain my minimum dues status. *****Please be advised that beneficiaries, e.g. spouses, do not have to maintain membership dues as a condition of receipt of this benefit.*** This authorization is signed voluntarily. I understand I may cancel this deduction at any time by writing to the NPF at the address listed below; however, I understand that if this occurs I, and if applicable my spouse, will no longer qualify for this 401h subsidy payment.
